Quran is the book of life; it invites us to the way which can guarantee our prosperity. It says openly, □□□□□□□□□□□□□□ □□□□□□□ □□□□□□□□□□□□□□ □□□□□□□□□ □□□□□□□□□□ □□□□□□□□□ □□□□ □□□□□□□□□□□□ □□□□□□ □□□□□□□□□ □□□□□□ ***"Believers, respond to Allah and the messenger when he calls you to that which revives you."***

(The holy Quran,8:24)

Here a very critical question is in front, if it is like that, why haven't we seen such a humanitarian way of life among some Muslims?

"

You who believe! Believe in Allah"

(The holy Quran,4:136)

God invites those who are recognized as faithful to the true faith again. What is the point? The point is the superficial faith is the first step in the path of salvation, but it should penetrate to the heart of people to be the root of this world and the other world blessings. This goal will not be reached unless faith finds its way to the heart, tongue and hands of a person.
